Term Protect Advantage

Keep your promises strong

**The world
has changed.
But our promises
should not.**

A new normal is upon us, and with it comes the uncertainty of what the future holds for you, and your family. To face this uncertainty, we must adapt.

With **HSBC Life Term Protect Advantage**, you have the flexibility to choose your preferred premium and policy term, and receive the cash value¹, when the coverage is no longer needed.

So, you can enjoy affordable coverage on your own terms, and stay committed to the promises you make.

¹Applicable to limited pay option only. The guaranteed cash value will be available from the start of the 3rd policy year. The cash value will grow as you make premium payments until the end of premium term and will gradually decrease until the end of the policy term. There is no maturity value at the end of the policy term.

Features & benefits

Affordable protection coverage²

Challenging times call for an affordable policy, which protects you against death and terminal illness, so you can allocate your money to where you need it most.

Flexible premium and policy term

Take control of your financial future by choosing the term of your coverage and how long you wish to pay for it.

Guaranteed cash value

When you no longer need the coverage, you can surrender your policy and receive the guaranteed cash value of your policy (available for only limited pay option).

Boost your coverage with Guaranteed Insurability Option (GIO)³

Our financial needs often change with our life stages. With HSBC Life Term Protect Advantage, you can increase your coverage at life key milestones without medical underwriting. The life key milestones are:

- Changing marital status, including divorce.
- Welcoming a newborn baby or adopting a child.
- When your child enters primary school, secondary school, polytechnic or university.
- Turning 21 years old.
- Purchasing a property in Singapore.
- Entering full-time employment after tertiary graduation.

Convertibility benefit⁴

Later in life, you may change to any whole life or endowment plan (that is available to you at that point in time) without medical underwriting.

Unemployment support benefit⁵

You may pay your premium at a later date (up to 365 days) if you become unemployed.

Add these supplementary benefits (riders) to your plan for a more holistic coverage⁶:

- **Disability cover** - Provides you with financial support should you suffer Total and Permanent Disability (TPD).
- **Advanced CI waiver** - Waives all future premiums of the basic plan and any selected riders, should you be diagnosed with any of the covered critical illness conditions.
- **Advanced CI cover** - Provides you with financial support if you are stricken with any of the covered critical illness conditions.

The limited premium feature allows you to complete your premium commitments earlier, so you will not be affected if there is an increase to the riders' premium later.

² The full amount of death benefit i.e. 100% of sum insured will be paid upon death of the life insured. If the life insured is diagnosed with a Terminal Illness (TI) by a specialist and confirmed by HSBC Life's appointed doctor, payment will be made for the TI benefit as an advancement on the death benefit.

³ You can buy any term/whole life/endowment policy that is available at that point in time. Please refer to the product summary for the full terms and conditions applicable to this feature.

⁴ This option allows the life insured to convert the original policy without evidence of health, to any available regular premium life insurance plan (whole life or endowment). It can be converted at any time while the policy is in-force and before the life insured's 65th birthday.

⁵ You can apply to defer the premium payment for up to 365 days, if you are unemployed for at least 30 consecutive days. Please refer to the product summary for the full terms and conditions.

⁶ Please refer to the product summary of the respective supplementary benefits for more details.

How does the plan work?

Daryl is 35 years old, and happily married with one child. With news of another child on the way, and financial uncertainty as a result of recent global events, Daryl is feeling uneasy about the future.

He needs an affordable and flexible insurance plan to protect himself and his growing family. Luckily, with HSBC Life Term Protect Advantage, he has the flexibility to customise his insurance plan to suit his current situation. He has also added disability cover for a more holistic coverage.

HSBC Life Term Protect Advantage plan

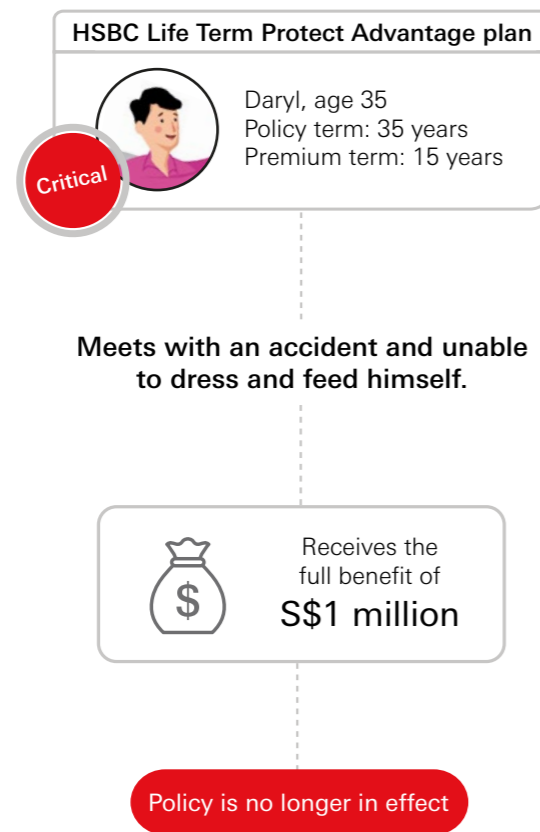

Daryl, male, age 35, non-smoker
 Sum insured: S\$1 million
 Policy term: 35 years (until he is 70 years old)
 Premium term: 15 years
 Premium amount: S\$1,818 per year

(+) Disability cover
 Sum insured: S\$1 million
 Premium amount: S\$280 per year

Total premiums paid: S\$27,270 (Base plan) + S\$4,200 (Disability cover) = S\$31,470

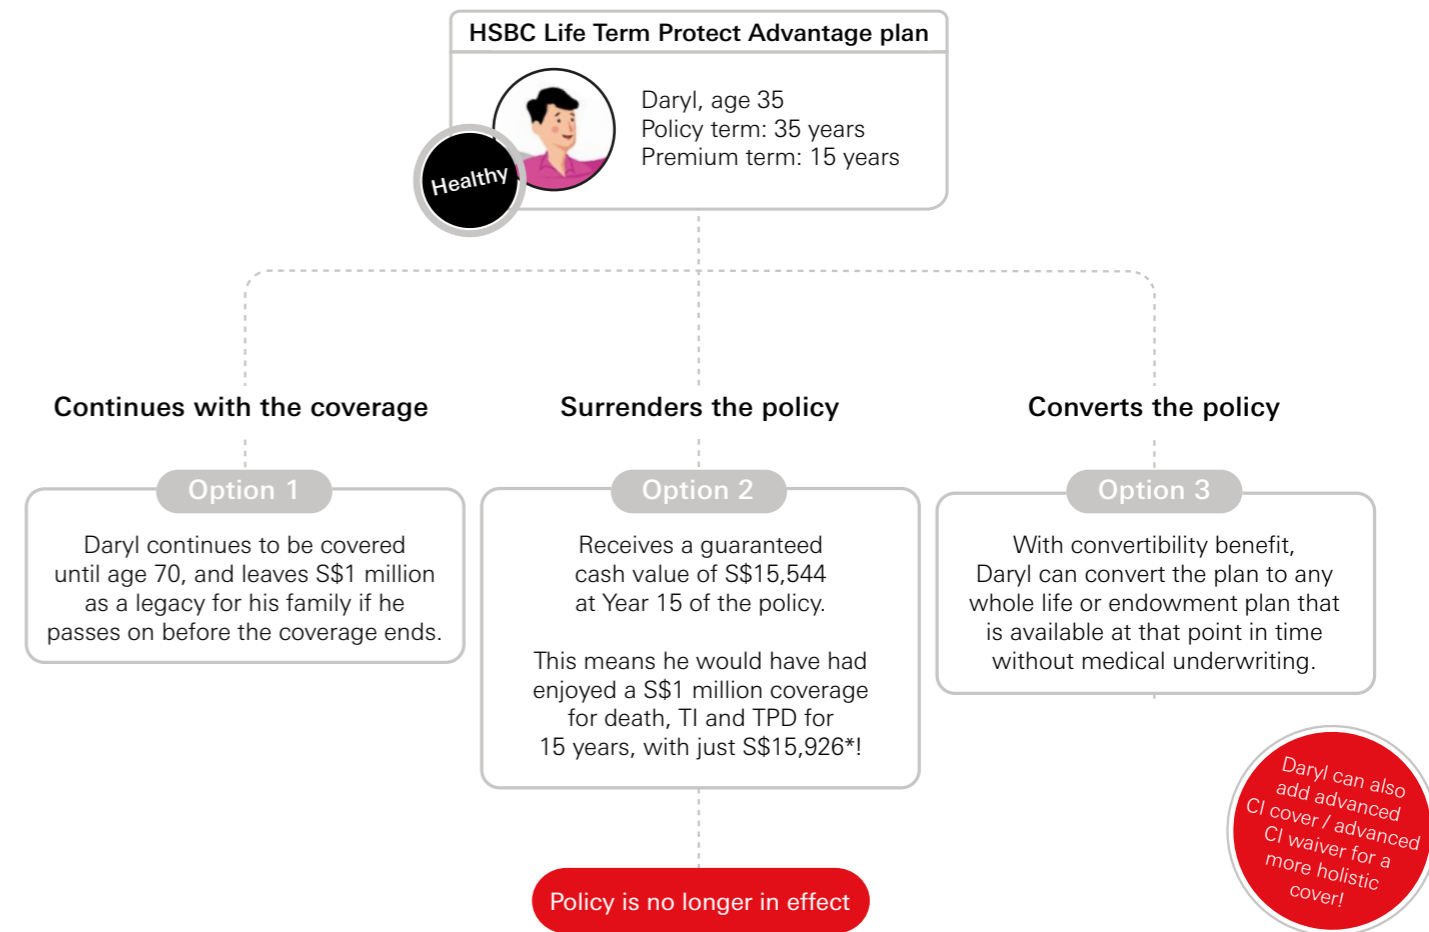

Scenario 1

At age 50, Daryl is involved in an accident that has caused him to be unable to perform daily activities such as dressing and feeding himself⁷. This is how the plan can help him.

Scenario 2

At age 50, Daryl remains healthy and, due to his diligence, finds himself almost free of financial liabilities. At this important juncture, Daryl has three choices:

⁷ Life insured has to meet the definition of total and permanent disability, such as being unable to perform 2 out of 6 activities of daily living as stated in the product summary. Please refer to the disability cover product summary for details.

* Actual cost: S\$31,470 (Total premium paid) - S\$15,544 (Guaranteed cash value) = S\$15,926.

Important notes

Term Protect Advantage is underwritten by HSBC Life (Singapore) Pte. Ltd. (Reg. No.199903512M). This brochure contains only general information and does not have regard to the specific investment objectives, financial situation and the particular needs of any specific person. This is not a contract of insurance and is not intended as an offer or recommendation to buy the product. A copy of the product summary may be obtained from our authorised product distributors. You should read the product summary before deciding whether to purchase the product. You may wish to seek advice from a Financial Planner before making a commitment to purchase the product. In the event that you choose not to seek advice from a Financial Planner, you should consider whether the product in question is suitable for you. Please refer to the general provisions for the exact terms and conditions, specific details and exclusion of this product. As buying a life insurance policy is a long-term commitment, an early termination of the policy usually incurs high cost and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. Buying health insurance products that are not suitable for you may impact your ability to finance your future healthcare needs. It is also detrimental to replace an existing life insurance policy with a new one as the new policy may cost more or have fewer benefits at the same cost.

This policy is protected under the Policy Owners' Protection Scheme which is administered by the Singapore Deposit Insurance Corporation (SDIC). Coverage for your policy is automatic and no further action is required from you. For more information on the types of benefits that are covered under the scheme as well as the limits of coverage, where applicable, please contact us or visit the LIA or SDIC websites (www.lia.org.sg or www.sdic.org.sg).
