

Corporate Partner Comms – (Employee Banking Solutions - EBS)

Imagine there is an opportunity for your employees to have a dedicated financial support service?

A valuable benefit that gives them one more reason both to join and remain with your organisation.

Introducing Employee Banking Solutions by HSBC, a service that offers access to experts who can provide your employees with guidance for life's financial decisions, big or small.

It helps them set up bank accounts quickly and easily.

Introduces them to specialists with expertise in financing property, relocating overseas, managing investments and savings, and planning for the future.

And allows them to do all of these with confidence, across the globe.

Employee Banking Solutions enables you to offer your employees financial wellbeing clinics and helpful support seminars, as well as practical information that allows them to make better, more informed decisions.

We see it as a source of financial wisdom - a truly valuable service that you can offer your employees, and which those employees can benefit from.
