All transactions in a currency other than Singapore Dollars ("SGD") will be notionally converted into SGD, at our prevailing exchange rate, to determine the transaction amount eligibility under this Promotion. Where we are unable to provide a firm exchange rate quotation, we shall effect the transaction on the basis of a provisional exchange rate which shall be subject to adjustment when the actual exchange rate is ascertained and any resultant difference shall be debited/credited (as the case may be) to the customer through the originating account or any account that customer has with us or by such other means as determined by us. Foreign currency transactions are subject to risk of exchange rate fluctuation and exchange controls may apply to certain currencies from time to time. There may be a gain or loss when customers convert foreign currency. Customers are advised to make independent judgment with respect to any matter contained herein. For the avoidance of doubt, we shall not be liable for any delay in effecting such conversion, instructions or transactions.

If you don't agree with a change, you can cease to participate in this Promotion.

10. These Promotional Terms and Conditions and the mention of any investment product or class of investment products ("product") are not and should not be construed as an offer, recommendation or the solicitation of an offer to enter into any buy/sell transaction or adopt any hedging or trading strategy relating to, or a forecast on future performance of, any product, investment or securities nor shall it or any part of it form the basis of, or be relied on in connection with, any contract or commitment whatsoever. The information contained in this document is intended for Singapore residents only and should not be construed as a distribution, an offer to sell, or a solicitation to buy any securities in any jurisdiction where such activities would be unlawful under the laws of such jurisdiction, in particular the United States of America and Canada. The specific investment objectives, personal situation and particular needs of any person have not been taken in consideration. You should therefore not rely on it as investment advice. Before you make any investment decisions, you may wish to consult a financial adviser. In the event you choose not to seek advice from a financial adviser, you should carefully consider whether the investment is suitable. Any transaction that you decide to make will be one of your own choice and at your own risk. The value of investments and units may go down and up, and the investor may not get back the original sum invested. Past performance is not necessarily indicative of future performance. Investors and potential investors should read the relevant prospectus, offering document or product information before investing.

11. Deposit Insurance Scheme

Singapore dollar deposits of non-bank depositors are insured by the Singapore Deposit Insurance Corporation, for up to S\$100,000 in aggregate per depositor per Scheme member by law. Foreign currency deposits, dual currency investments, structured deposits and other investment products are not insured.

12. As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. All insurance plans and riders are underwritten by HSBC Life (Singapore) Pte. Limited. (Reg. No.199903512M) and distributed by us. It is not an obligation of, a deposit in, or guaranteed by, us.

13. The insurance policies are protected under the Policy Owners' Protection Scheme which is administered by the Singapore Deposit Insurance Corporation ("SDIC"). Coverage for the relevant insurance policy is automatic and no further action is required from you. For more information on the types of benefits that are covered under the scheme as well as the limits of coverage, where applicable, please contact HSBC Life (Singapore) Pte. Limited. or visit the Life Insurance Association ("LIA") or SDIC websites (www.lia.org.sg or www.sdic.org.sg).
14. In broad terms "**ESG and sustainable investing**" products include investment approaches or instruments which consider environmental, social, governance and/or other sustainability factors to varying degrees. Certain instruments we classify as ESG or sustainable investing products may be in the process of changing to deliver sustainability outcomes. There is no guarantee that ESG and sustainable investing products will produce returns similar to those which don't have any ESG or sustainable characteristics. ESG and sustainable investing products may diverge from traditional market benchmarks. In addition, there is no standard definition of, or measurement criteria for, ESG and sustainable investing or the impact of ESG and sustainable investing products. ESG and sustainable investing and related impact measurement criteria are (a) highly subjective and (b) may vary significantly across and within sectors.

HSBC may rely on measurement criteria devised and reported by third party providers or issuers. HSBC does not always conduct its own specific due diligence in relation to measurement criteria. There is no guarantee: (a) that the nature of the ESG / sustainability effect of, or measurement criteria for, an investment will be aligned with any particular investor's sustainability goals; or (b) that the stated level or target level of ESG / sustainability effect will be achieved. ESG and sustainable investing is an evolving area and new regulations and coverage are being developed which will affect how investments can be categorised or labelled in the future.

An investment which is considered to fulfil sustainable criteria today may not meet those criteria at some point in the future. When we allocate an HSBC ESG and Sustainable Investing (SI) classification: HSBC ESG Enhanced, HSBC Thematic or HSBC Impact to an investment product, this does not mean that all individual underlying holdings in the investment product or portfolio individually qualify for the classification. Similarly, when we classify an equity or fixed income under an HSBC ESG Enhanced, HSBC Thematic or HSBC Impact category, this does not mean that the underlying issuer's activities are fully aligned with the relevant ESG or sustainable characteristics attributable to the classification. Not all investments, portfolios or services are eligible to be classified under our ESG and SI classifications. This may be because there is insufficient information available or because a particular investment product does not meet HSBC's SI classifications criteria.

Today we finance a number of industries that significantly contribute to greenhouse gas emissions. We have a strategy to help our customers to reduce their emissions and to reduce our own. For more information visit www.hsbc.com/sustainability.
